LESSON PROGRAM

Our Philosophy

Our philosophy at DreamCatcher Farm is to leave our clients more enriched through experiences with horses. All of our programs at the farm strive to create engaging activities that are fun, educational and develop technical skills.

Lesson Program

A wide variety of programs are offered at DreamCatcher Farm in order to meet the needs of our clients. We have clients as young as 4 years old to adults in their senior years. Our lesson program runs 7 days a week all year round. Lessons are offered in the English discipline with focus on foundational riding. Some of the programs that are offered at the facility include the tiny tot program, horsemanship theory courses, regular and enhanced lesson programs, learn to train and work to ride programs. With our indoor and outdoor facilities, we can start new clients at anytime of the year. New and beginner clients are usually started with a private session and then when the students are comfortable and independent, we place them in a group that is at their level and age range. We have over 20 very dependable school horses and ponies to match riders with suitable mounts that will instill confidence and help them reach their goals. The only equipment that is required is footwear with a heel such as rubber boots. We have certified helmets at the farm that students can use while they try the program out. Loose fitting clothing is recommended so that riders are comfortable while they are on the horse. Students are required to be at the farm 20 minutes before and after their scheduled lesson to learn how to work safely around the horse, groom and tack the horse.

- Short distance north of Kingston
