TINY TOT PROGRAM

Our Philosophy

Our philosophy at DreamCatcher Farm is to leave our clients more enriched through experiences with horses. All of our programs at the farm strive to create engaging activities that are fun, educational, and develop technical skills. Through interaction with horses, students learn not only how to ride but develop confidence and gain skills in communication, problem-solving, and leadership.

Tiny Tot Program

Our Tiny Tot Program is for clients from 4-5 years of age. The Tiny Tot program is offered on Saturday mornings. With our indoor and outdoor facilities, we can start new clients at anytime of the year. The lesson is a private session in which our client learns to lead, groom, and work around our ponies and then are given a mounted lesson. The sessions are usually 30 minutes in length. The only equipment that is required is footwear with a heel such as rubber boots. We have certified helmets at the farm that students can use while they try the program out. Students should wear loose fitting clothing so that they are comfortable while they are on the horse.

MAKING DREAMS COME TRUE

All programs are supervised by
certified coaches

Facility Profile

DreamCatcher Farm is set on 110 acres of rolling hills and sand rings. At DreamCatcher Farm there are lots of areas to ride including 3 large 200X300 feet outdoor rings and an 80X120 foot indoor arena as well as miles of trails. Our coaches are certified through Equine Canada and Sport Canada and bring years of experience and enthusiasm to all the programs. We have a variety of levels of horses and ponies that we use in our programs that are safe but challenge the students as they progress with their riding skills.
